

- 1 Stay left of cart path... big hazard right. Don't be too aggressive on approach - no room behind green!
- 2 Uphill dogleg left. Use extra club to make the double-tiered green. Observe flag colour!
- 3 OB / pond on right. Hug fairway left on second shot. Green slopes to front... stay below flag.
- 4 Sand is reachable off tee, but swing easy for best shot at bird. Deadly ravine runs down left side.
- 5 **Now Entering "Devil's Triad" (5, 6 & 7)**
Pick up the pace to avoid slow play. Dense trees and hazard behind green. Consider wind when selecting club.
- 6 Target Canadian flag off tee. Second shot is all carry (100 yard ravine at end of fairway). Laying-up is smart, not weak, if you can't reach the green.
- 7 Must make fairway shelf - left is death. Don't over-hit fairway (sand & trees). Club up on approach shot to hit elevated green.
- 8 Thick trees and hazard behind. Plays short from elevated tees...club down one. Steep slope right, stay left for a kick.
- 9 Play left... right side falls off hard. A hazard crosses the fairway 140 yards before the green. Stay out!

Red Flag (Front) White Flag (Middle) Blue Flag (Back)

LOCAL RULES:
 • White stakes, fences and roads indicate course boundaries.
 • Entering homeowners property is strictly prohibited.
 • No carts in rough. Obey signs and rope stakes.
 • No alcohol may be brought on the course.

Combat Slow Play
 Please be courteous to all players and stay on pace!

PACE: Keep up with the group ahead or you will be asked to skip holes.
 • RCGA shall govern all rules of play •
 DESERT RULES ENCOURAGED:
 On lost ball, lateral drop at point of entry, 1 stroke penalty.

- 10 Water hiding right and thick bush behind green. A tough bird.
- 11 Avoid the left side (thick fescue and trees). Target just left of fairway traps. Beware of a creek 20 yards short of green.
- 12 Split fairway bunkers off tee. A creek cascades 25 yards behind the green - don't be long.
- 13 Hug right side - too far left will leave you blind. Do not over-hit green...no room and O.B.
- 14 Wildgrass left of cart path. A finger of water juts into the fairway 75 yards out. Approach left for a great roll to the green.
- 15 Stay left of cart path. Keep ball below the hole - green slopes hard left to right.
- 16 Believe the yardage - birdies are rare on this long par 3.
- 17 Target right of bunkers. Dangerous to cut corner to green - dense wildgrass left and right. Use the fairway.
- 18 Stay left of traps and trees. OB left of cart path by Clubhouse. Green is 135' long...putt-out and hit the 19th!

Thanks for playing!
