

1 Stay left of cart path... big hazard right. Don't be too aggressive on approach - no room behind green!

2 Uphill dogleg left. Use extra club to make the double-tiered green. Observe flag colour!

3 OB /pond on right. Hug fairway left on second shot. Green slopes to front... stay below flag.

4 Sand is reachable off tee, but swing easy for best shot at bird. Deadly ravine runs down left side.

5 Dense trees and hazard behind green. Consider wind when selecting club.

6 Second shot is all carry (100 yard ravine at end of fairway). Laying-up is smart, not weak, if you can't reach the green.

7 Must make fairway shelf - left is death. Don't over-hit fairway (trees). Club up on approach shot to hit elevated green.

8 Thick trees and hazard behind. Plays short from elevated tees...club down one. Steep slope right, stay left for a kick.

9 Play left. Right side falls off into thick rough / hazard. Ditch crosses fairway 140 out. Big hitters lay up!

Now Entering "Devil's Triad" (5, 6 & 7)
Pick-up the pace to avoid slow play.

LOCAL RULES:

- White stakes, fences and roads indicate course boundaries.
- Entering homeowners property is strictly prohibited.
- No carts in wild fescue grass or on slopes.
- No outside alcohol may be brought on the course.
- Net on #3: if in line of play, drop at nearest point of relief, no nearer the hole. No penalty.

PACE - Keep up with the group ahead or you will be asked to skip holes.

Windmill Group of Clubs

10 Water hiding right and thick bush behind green. A tough bird.

11 Avoid the left side (thick fescue and trees). Target just left of fairway traps. Beware of a creek 20 yards short of green.

12 Split fairway bunkers off tee. A creek cascades 25 yards behind the green - don't be long.

13 Hug right side - too far left will leave you blind. Do not over-hit green...no room and O.B.

14 Wildgrass left of cart path. A finger of water juts into the fairway 75 yards out. Approach left for a great roll to the green.

15 Stay left of cart path. Keep ball below the hole - green slopes hard left to right.

16 Believe the yardage - birdies are rare on this long par 3.

17 Target right of bunkers. Dangerous to cut corner to green - dense wildgrass left and right. Use the fairway.

18 Stay left of traps and trees. O.B. left of cart path by Clubhouse. Green is 135' long... putt-out and hit the 19th!

Thanks for playing!
